IMPORTANT INFORMATION IF YOU ARE HIRING A MARQUEE – PLEASE READ

- Lawns need to be mowed at least 3 days prior to putting up a marquee to reduce risk of grass clippings sticking to roof and walls during rigging.
- Do not use any 'sticky tapes' to fix items to the walls of the marquee or any pens (whiteboard or permanent or other) on the marquee.
- Always leave the marquee with either all walls up and closed or no walls up at all. It must never be left with partial walls in place.
- If you have opted for a Supervisor do not start packing your Marquee down prior to the Event Hire CHB Supervisor arriving.
- Marquees over 100 sq m will required building consent from the local council.
- Marquees which will have more than 100 guest will need FENZ evacuation plan.

FULL DIY MARQUEES

- If you have opted for full DIY follow instructions for putting up and taking down the tent; call Event Hire CHB if you are not sure or get stuck:
- Be aware of wind direction when putting up and taking down; the wind must always have somewhere 'to go' so lift the 'far side' of the tent first, where the near side is the one that the wind is hitting first.
- Do not start packing down your tent until it is dry; usually late morning and around an hour or so after the ground is clear of dew. Check the roof eaves and corners on the inside with your hand, they are a good indication once you can no longer see dew on the roof itself.
- Please let us know if the marquee if you think the marquee is still damp so that we dry it out asap to prevent the marquee going mouldy.

EVENT HIRE PRICE LIST – MARQUEE EXTRAS

MARQUEE ITEM	PRICE	NOTES
Silk Roof		White silk roof installed at time of putting up Marquee.
12 Series Marquee	\$400-\$600	Includes Supervisor time to put up and take down and cleaning maintenance.
